

GREENPARK SCHOOL

Give your child the advantage

Vomiting Bug & Photo Shoot Key Codes

Dear Parent/Caregivers

Vomiting Bug

We would like to make our families aware that there is a vomiting bug currently going around the school.

We ask that all students that are complaining of sore stomachs are watched carefully and that if they do vomit we would like them to remain at home for a good 24 hours after the last vomit to prevent further outbreak.

Should you receive a phone call from the school office, please collect your child promptly.

This may be a good time to reiterate to your children the importance of handwashing.

School & Class Photo Shoot Key Codes

We have just this afternoon received the Photo Shoot Key Codes from PhotoLife and your child will be bringing those home either today or tomorrow.

If you are unable to order online but would still like to purchase a photo, you can come into the school office to collect a Cash or Cheque only envelope.

Kind Regards

Greenpark School Office
