Give your child the advantage

MATHS AT GREENPARK SCHOOL – A NEW DIRECTION FOR INCREASING STUDENT ACHIEVEMENT

Dear Parent/Caregivers

A warm invitation to all parents and caregivers of students at Greenpark School to attend a maths hui.

Wednesday 25th July 1:30-2:45pm, Greenpark School Hall

Coffee/Tea and some nice slice provided

Have you heard about Dr Roberta Hunter, developing mathematical inquiry communities, problem solving in mixed ability groups, cultural and relational pedagogies? If not, come along to this meeting/hui to find out more.

This session will be presented by the lead maths mentor. These mentors have been working alongside your child's teacher. They know what's happening at the chalk face. There will also be plenty of opportunities for questions.

RSVP to office@greenparkschool.co.nz for catering purposes.

Kind Regards
Jason Mischewski
Deputy Principal
